Solicit and give feedback.

Vulnerability is the birthplace of innovation, creativity and change.

Brené Brown

Criticism may not be agreeable, but it is necessary. It fulfills the same function as pain in the human body. It calls attention to an unhealthy state of things.

Winston Churchill

Embrace change.

Stay curious.

#WOTC19

Get outside your conversation comfort zone.

- Make note of something pleasant.
- Ask for information or assistance, or offer assistance.
- Solicit an opinion.
- Mention a mutual acquaintance or shared experience.
- Approach someone who asked a great question.
- Share something about yourself, in small bits.

Hello!

Sometimes people act like jerks.

Relationships make the world go round.

Abraham Lincoln

Madeleine Albright

Thank You!
